

NITAAC PROGRAM SUMMARY

The NITAAC program is part of NIH, designated by the OMB to serve as an Executive Agent for three government-wide acquisition contracts (GWACs) for Information Technology (IT) products, services and solutions.

CIO-SP3 IT Services/Solutions GWAC	CIO-SP3 Small Business IT Services/Solutions GWAC	ECS III IT Products/Services GWAC
\$20 Billion Contract Ceiling	\$20 Billion Contract Ceiling	\$6 Billion Contract Ceiling
10 Task areas covering IT services for biomedical research, health services and healthcare, CIO support, imaging, outsourcing, operations and maintenance, integration, critical infrastructure protection, digital government, enterprise management, software development and much more.	10 task areas plus ability to meet small business goals through set-asides for Small, HUBZone, Service Disabled Veteran Owned Small (SDBVO) and/or 8(a).	6 Lots covering hardware, software, networking and telecommunications equipment, scientific research stations, warranties and maintenance services, and much more.
Fees not to exceed 1%	Fees not to exceed .75%	Fees not to exceed .5% with a \$10,000 cap per delivery order, modification or exercise of option.

Can be used by any federal agency for faster, easier procurement:

- No special Delegation of Procurement Authority is needed from NITAAC
- Task orders for services/solutions can be awarded in 30 days or less.
- Delivery orders for products/related services can be awarded in 1-3 days
- Easy to use e-ordering systems
- Competitive, pre-negotiated prices for services/solutions that can't go up, but can be negotiated lower.
- Product pricing is lower than open market, less than or equal to GSA

NITAAC provides value added customer support including:

- SOW scope assessments within 24 hours
- Personal support from Contract and IT Specialists from pre-award to closeout
- A Customer Support Center to answer any question within 24 hours

6011 Executive Boulevard, Suite 501, Rockville, MD 20852 • 1.888.773.6542 • NITAACsupport@nih.gov

- Free training on the NITAAC program and e-ordering systems

Benefits of FAR 16 include:

- Two levels of contract competition – pre-competed at the Master Contract level and can be further negotiated at the task/delivery order level
- No need to synopsise or post requirements competed through an IDIQ contract according to Far Subpart 16.505(a)(1)
- No protest on orders under \$10 million, except on the grounds that the order increases the scope, period, or maximum value of the contract. Protests of orders in excess of \$10 million may only be filed with the Government Accountability Office, in accordance with the procedures at FAR Subpart 33.104.
